# BIOGRAPHY

Just AMN (formerly known as DJ Monstrosity) is an open-format DJ born in Durban, South Africa, and based in Dubai, UAE. He has more than 16 years behind the decks and has played over 200 nightclubs in nine countries: the UAE, Qatar, Oman, South Africa, the Maldives, Zanzibar, Singapore, Azerbaijan and Georgia.

His sets blend Hip-Hop, R&B, Afrobeats, Amapiano and other South African sounds with commercial hits, and they're built around crowd connection, energy and adaptability. He started playing nightclubs at 15, festivals at 17, corporate events and weddings at 18, and radio and international gigs at 20. In South Africa he won the H2O national DJ competition, played the Aquafest main stage in 2012 to more than 9,000 people, played stadium gigs at Kings Park and Moses Mabhida, and featured on 5FM, 947 and East Coast Radio. He has also appeared on Virgin Radio Dubai.

Today he is a freelance resident DJ for The First Collection Dubai and for Mystique, whose parties include Mystique Exodus at One&Only Royal Mirage and JamJars/Locker Room at Millennium Place Marina. He has supported Chris Brown, Snoop Dogg, Jason Momoa, Hardwell, Black Coffee, Skrillex, Kizz Daniel, Jay Sean, Pleasurekraft, Fatman Scoop and Dannic.

Just AMN founded the RnB & Me event brand, co-hosts the Plugged In DXB podcast with Keegan Basil, and is building We Are The City, a DJ movement that champions skill over social media popularity. Its tagline: "Built by culture. Not algorithms."
